## PROFESSIONAL SUMMARY

Results-driven UI/UX Designer and Web Developer with hands-on experience designing clean, conversion-focused digital products. Founder of Bndlabs, a personal tech brand delivering modern design solutions for startups and businesses. Skilled in the full design lifecycle from user research and wireframing to high-fidelity prototyping and front-end development. Proven ability to work in remote and hybrid environments, delivering projects on time with measurable impact on user experience.

## CORE SKILLS

|                                                              |                                                                     |
|--------------------------------------------------------------|---------------------------------------------------------------------|
| ▸ <b>UI/UX Design:</b> Figma, Wireframing, Prototyping       | ▸ <b>Front-End Development:</b> HTML5, CSS3, JavaScript             |
| ▸ <b>Web Design &amp; CMS:</b> WordPress, Responsive Design  | ▸ <b>Brand Identity Design:</b> Logo, Style Guides, Visual Systems  |
| ▸ <b>User Research:</b> User Flows, Information Architecture | ▸ <b>Collaboration &amp; Tools:</b> Notion, Slack, Git, Remote Work |

## WORK EXPERIENCE

**UI/UX Design Intern** | [Trueminds Innovation Ltd.](#)

Jan 2026 – Present

- Designed and prototyped 5+ web interfaces using Figma, reducing design-to-handoff time by improving documentation and component structure.
- Created complete user flows, wireframes, and high-fidelity mockups that improved stakeholder approval speed by reducing revision cycles.
- Collaborated effectively across remote and hybrid teams, consistently meeting project deadlines and aligning deliverables with product goals.
- Contributed to design system components, ensuring visual consistency across multiple product screens.

**UI/UX Designer (Freelance)** | [Novavoyage – Travel Agency](#)

2025

- Designed end-to-end web experience for a travel agency platform, covering 8+ key screens including Home, About, Testimonials, and Contact.
- Built and integrated an AI-powered chatbox UI and a Human Agent Chat interface, improving client communication flow within the platform.
- Delivered all design assets via Figma with annotated specs, enabling the development team to implement without additional design reviews.
- Executed the full project remotely, meeting all agreed milestones on schedule.

## KEY PROJECTS

---

### **Bndlabs – Personal Tech & Design Brand** | [www.getbndlabs.com](http://www.getbndlabs.com)

- ▶ Founded and launched a personal design brand offering UI/UX, web design, and brand identity services.
- ▶ Built and maintained the company website using modern web technologies and a user-first design approach.
- ▶ Delivered design solutions for multiple clients, establishing a consistent brand reputation in the freelance market.

### **Novavoyage Travel Platform – UI/UX Design** | Figma, Web Design

- ▶ Designed a full travel agency website UI with 8+ screens, AI chat integration, and brand-consistent visual language.
- ▶ Delivered a polished, developer-ready Figma prototype within the project timeline.

## TOOLS & TECHNOLOGIES

---

| Figma               | HTML5 / CSS3   | JavaScript   | WordPress/Framer  |
|---------------------|----------------|--------------|-------------------|
| Behance / Portfolio | Notion / Slack | Git / GitHub | Responsive Design |

## EDUCATION

---

### **B.Sc. Mathematics Education** | [Federal University Oye Ekiti \(FUOYE\)](#)

2019 – 2024

- ▶ Developed strong analytical, problem-solving, and logical thinking skills applicable to UX research and design systems.

### **B.Sc. Computer Science (In Progress)** | [National Open University of Nigeria \(NOUN\)](#) 2025 – Present

- ▶ Expanding formal knowledge in software engineering, algorithms, and data systems to complement design expertise.
